DETAILED ACTION

Claim Rejections - 35 USC § 102

I. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

A. Claims 1, 2 and 5-6 rejected under 35 U.S.C. 102(b) as being anticipated by Becker, US No. 6,220,605 ("Becker").

Becker disclose a gasket (Fig. 2) comprising a sealing ring having a base portion (40). The sealing ring has a substantially J-shaped cross-section (Fig. 2). There is a flexible hollow sealing portion (38) of substantially circular cross-sectional shape affixed to the base portion and protruding in a radially outward direction (Fig. 2).

The base also includes a lip portion (36).

Response to Arguments

II. Applicant's arguments filed 25 March 2005 have been fully considered but they are not persuasive. Examiner acknowledges Applicant's alternative interpretation of the patent to Becker. However, Examiner's interpretation is still valid given the disclosure of the Becker reference.

Art Unit: 3676

Section 40, extending axial with respect to 16 and the portion curving upwardly and contacting 18, together, clearly form a J cross-section. Portion 40, which makes up a substantial portion of the J cross-section receives 16.

The flexible hollow sealing portion is formed by the further turned inward portion approximate 38 (which applicant has referred to as the J-shaped portion).

III. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Allowable Subject Matter

IV. Claims 3-4 and 7-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
